

Child Abuse and Neglect Guidelines for Identification, Assessment, and Case Management

Marilyn Strachan Peterson, MPA, MSW
Michael Durfee, MD
Co-editors

Kevin Coulter, MD
Medical Editor

*95 Professionals
have created an
indispensable compendium*

"...provides a needed multidisciplinary resource for those who must sort out the complexities of child maltreatment...ranging from the earliest recognition of risk factors, through clear descriptions about signs, symptoms and physical findings... the guidelines will be of great assistance to all professionals involved in the epidemic of child victimization."

Robert M. Reece, MD

*Director, MSPCC Institute for Professional Education
Clinical Professor of Pediatrics, Tufts University School of Medicine
Executive Editor, The Quarterly Child Abuse Medical Update*
