INSTRUCTIONS TO THE HEALTH PRACTITIONER
Penal Code Section 11160 requires that if any health practitioner, within their scope of their employment, provides medical services for a wound or physical injury inflicted as a result of assaultive or abusive conduct, or by means of a firearm, shall make a telephone report immediately or as soon as possible. They also shall prepare and submit a written report within 2 working days of receiving the information to the local law enforcement agency.

- Report suspicious injuries to your local law enforcement agency by telephone immediately, or as soon as practically possible.
- Submit this required completed written report to your local law enforcement agency within two working days of discovering a suspicious injury, whether or not:
  - The person has expired;
  - The injury was a factor contributing to the person’s death; or
  - Evidence of the conduct of the perpetrator is discovered during an autopsy.

- Use this standard form or a form, developed and adopted by another state agency, that otherwise fulfills the requirements of this form. See “Exceptions to Using This Form” below
- Two or more health practitioners with knowledge of a suspicious injury may mutually select a team member to make the telephone report and one written report signed by the selected team member. A team member who knows that the selected team member has not made the telephone call or submitted the written report shall make the report(s).
- No supervisor or administrator shall impede or inhibit the required reporting duties, and no person making a report pursuant to this section shall be subject to any sanction for making the report.
