MEDICAL REPORT

The California Clinical Forensic Medical Training Center (CCFMTC) has updated the Cal OES 2-923 Adult/Adolescent Sexual Assault Forensic Medical Report, and it is ready for use. It can be found on both the Cal OES website (www.caloes.ca.gov) and the CCFMTC website (www.ccfmtc.org).

The updated Cal OES 2-923 is available in two formats: paper and electronic. The CCFMTC website contains recommendations for implementing the electronic (e923) version, and staff are available to answer questions. Please contact the CCFMTC for further information at (916) 930-3080 or Marilyn.peterson@ccfmtc.org.

Sincerely,
